

Celebrating the 50th Anniversary of the Communist Party of Turkey/Marxist-Leninist We Commemorate the Founder of Comrade Kaypakaya on the 49th

On this day 49th years ago, Ibrahim Kaypakaya died in the reactionary prison of the Turkish fascist regime under excessive pressure and torture. Ibrahim Kaypakaya was 24 years old at the time of his death, nevertheless, he rendered valuable services to the Communist Movement of Turkey and the International Communist Movement. The authoritarian Turkish regime, with the crude fantasy that if it takes Ibrahim Kaypakaya from the communist movement of Turkey, it will no longer be able to withstand the resistance, but the Communist Party of Turkey (ML) not only did not take a step back to protect the blood of its fallen comrades but also the party became more and more organized and struggled with the ups and downs of the People's War until the flag of the People's War was hoisted on the mountains of Turkey.

Before the death of Ibrahim Kaypakaya, Lin Biao's deep and wide deviation followed the style of Confucius had emerged in China. But Ibrahim Kaypakaya was well able to draw a deep line between Mao Zedong's thought and the deviation of the Lin Biaoist line by following the Chinese Cultural Revolution and the Ninth Congress of the Chinese Communist Party, and propagating Mao Zedong's thought. Similarly, when the Three Worlds theory emerged under the leadership of Deng Xiaoping, the Communist Party of Turkey /Marxist-Leninist considered the Three Worlds theory as an anti-Marxist-Leninist-Maoist theory (that Time Mao Zedong's thought) and pushed the party forward based on Mao Zedong.

The fascist regime of Turkey, during its shameful life, has constantly suppressed the national-democratic revolutionary forces and wanted for an end to the people's war. The fascist regime of Turkey has always tried and is trying to prevent the revolutionary struggle of the Marxist – Leninist -Maoist forces in Turkey in any way possible. But the party was in the hearts of the Turkish people, and the workers, the peasants, the oppressed nations, and the national democratic forces of Turkey deeply hate the fascist Turkish regime, and this growing hatred of the oppressed nation of Turkey, organized by Marxists - Leninists – Maoists, will eventually lead to the collapse of the Turkish fascist regime.

The People's War in Turkey is linked to Ibrahim Kaypakaya, and other fallen leaders of the party.

Today is the 49th anniversary of the death of Ibrahim Kaypakaya. On this day, we honor the memory of comrades Ibrahim Kaypakaya and the rest of the deceased comrades.

The Communist (Maoist) Party of Afghanistan believes that a large-scale and the regular joint international campaign is needed to protect the blood of the fallen comrades. We will succeed in doing so when we have a Maoist international center.

Therefore, we need to launch and carry out more, wider, and more organized international campaigns. To advance this, we must conduct a principled, constructive, and fruitful discussion of the issues at stake between the various sections of the international Maoist movement on a regular and consistent basis.

We need to have a unified and effective international propaganda voice in the struggle against imperialism and reaction, as well as in post-Marxist-Leninist-Maoist of Avakian revisionism and the Prachanda path and deep deviation under the name of Gonzalo's thought. Because these deviations have left their negative effects at the international level to a certain extent in the form of creating ideological-political confusions and distraction among some Maoist parties and organizations, and in this sense, they oppose and continue to obstruct the efforts of the Maoist movement to regroup internationally.

Intensify the struggle for the formation of an international conference of Maoist parties and organizations in different countries of the world, drafting and approving a new international declaration instead of the previous declaration of the internationalist revolutionary movement and establishing an international primary Maoist center instead of the previous committee of "RIM", For the international Marxist-Leninist-Maoist movement, has become more and more an urgent necessity of international struggle.

Therefore, it is necessary for all of us to take these needs more seriously and fight for the necessary means to meet them, and to fight in this direction more systematically and consistently than before.

Celebrate the memory of Ibrahim Kaypakaya and the other fallen comrades of the Maoist movement in Turkey!

The martyrs of Ibrahim Kaypakaya and the rest of the martyrs of the Turkish Maoist movement will score the Turkish proletarian revolution!

Forward to the path that has been rosy with the blood of thousands of victims of the Maoist movement in the world!
